

K-Love is a valued on air FM listening resource.

I am not a local resident, however I choose to listen to K-Love via the internet and support it financially.

I discovered the station while visiting the state of Arizona.

It was important to me because it replaced the station I currently listen to here in the Treasure Valley of Boise, Idaho.

If K-Love were to be displaced by an LPFM broadcaster I wouldn't have an alternative station to listen to the next time I am in the area.

I don't care for what the other stations have to offer...they're a dime a dozen.

K-Love is unique and provides comfort and is a great reprieve from the all too familiar daily routines in life that can drive us insane.

It offers what no other radio station does and that's hope for a better tomorrow and reassurance in a very uncertain world.

Please do not allow the LPFM stations to take over causing us to lose a wonderful alternative to radio listening that we get from K-Love.
